Weekly Progress Report(3.17 -- 3.23)

*** Work accomplished during the current week since your last progress report.**

- Please describe the tasks you have been working on and the time it took for their completion thus far.

- put PHP into html5 and contact with database (03:0:00)

- Please describe your exact accomplishments with respect to the tasks you have worked on

- Finish front end with PHP code.

- Please describe any challenges or issues you might have had with respect to your tasks.

- Please attach any relevant materials that you have worked on since your last progress report as appropriate:

- If you worked on design, please attach your design documents and/or drawings

- If you worked on coding, please attach your code.

- If you worked on something else, please attach any relevant materials pertaining to your work.

*** Teamwork**

- Please let me know what other team members are working on, from your own perspective, and if you have any concerns regarding your team members.

*** Plan for the following week**

- List all the tasks/activities that you will be working on and the time commitment planned for each such task

Fix and bugs and improve the contact with database(2-3hours)

- List the deliverables that you plan to turn in along with your progress report for the following Friday.

Some Dome with functional front end and PHP program.
