

## **Junjun Huang**

Weekly Progress Report(3.10 -- 3.16)

### **\* Work accomplished during the current week since your last progress report.**

**- Please describe the tasks you have been working on and the time it took for their completion thus far.**

- coding HTML5 front end(06:23:00)
- Fix bug improve code(02:40:00 )

**- Please describe your exact accomplishments with respect to the tasks you have worked on**

- Finish front end coding.

**- Please describe any challenges or issues you might have had with respect to your tasks.**

- one persona to finish whole front end, so spend a lot time.
- we want very modernize style front end, so I need review some new function on jquery and google some plug-in.

**- Please attach any relevant materials that you have worked on since your last progress report as appropriate:**

**- If you worked on design, please attach your design documents and/or drawings**

**- If you worked on coding, please attach your code.**

**- If you worked on something else, please attach any relevant materials pertaining to your work.**

### **\* Teamwork**

**- Please let me know what other team members are working on, from your own perspective, and if you have any concerns regarding your team members.**

### **\* Plan for the following week**

**- List all the tasks/activities that you will be working on and the time commitment planned for each such task**

Put PHP code in to HTML(5-8 hours)

**- List the deliverables that you plan to turn in along with your progress report for the following Friday.**

Some Dome with functional front end and PHP program.
