Junjun Huang
Weekly Progress Report(3.24 -- 3.30)

* Work accomplished during the current week since your last progress report.
    - Please describe the tasks you have been working on and the time it took for their completion thus far.
- big data test, efficiency test (01:12:00)
- admin panel design (01:44:00)
- Mysql data clean up(00:43:00)

- Please describe your exact accomplishments with respect to the tasks you have worked on
- Import thousands of data to mysql, and check the loading time and does mysql connect have time out. GZIP website and test the efficiency.
- A part of administrator panel design.
- clean up few testing data, and delete few not useful column and tablet. rebuilt primary key.

- Please describe any challenges or issues you might have had with respect to your tasks.
- Website not run good when the data was big. Need change same Mysql comment.
- admin panel design was the teamwork, so still working on it.

- Please attach any relevant materials that you have worked on since your last progress report as appropriate:
    - If you worked on design, please attach your design documents and/or drawings
    - If you worked on coding, please attach your code.
    - If you worked on something else, please attach any relevant materials pertaining to your work.

  * Teamwork
    - Please let me know what other team members are working on, from your own perspective, and if you have any concerns regarding your team members.

* Plan for the following week
    - List all the tasks/activities that you will be working on and the time commitment planned for each such task
Separate one php file to header and footer(30 min)
Setup new php file for product list and detail (1-2 hours)

- List the deliverables that you plan to turn in along with your progress report for the following Friday.
The real final website with nice administrator panel.
